

DANNY LAMBERT

Junior Software Developer

PERSONAL PROFILE:

I am a highly motivated, forward thinking graduate who is looking for a challenging opportunity in software development to implement the many skills I have gained from completing an intense three-month coding course. The course taught me how to improve my technical coding and practical workplace skills including: testing, pair programming, backlog creation, user stories and conflict management.

TECH SKILLS:

Software Development;

- HTML5
- CSS
- JavaScript ES6+

2:1 BA Honours Degree

Level 1 FA Coaching Qualification

Level 2 FA Coaching Qualification

ST WILFRIDS HIGH SCHOOL & SIXTH FORM

A-Level Qualifications include;

Sport - AA

Psychology - C

Physical Education - C

EMPLOYMENT HISTORY:

TRAINEE SOFTWARE DEVELOPER - 12 WEEK BOOTCAMP

_Nology

07/09/20 - 27/11/20

- 12-week intense training course in software development which primarily focused on JavaScript and React.js.
- For 5 weeks of the course I had the opportunity to work on a client project from start to finish building No1 South East: a website and web app for discounted restaurants, bars, and cafes. During this time, I project managed my team through the first sprint where I ran the daily stand-ups and retrospective's, coordinated the project, allocated tasks to my team, worked with and presented our product delivery to the product owner.
- During the course we had a dedicated week of improving soft skills, to prepare for working within the agile way of working, and how to optimize work ethic, communication and output whilst working remotely.

OPERATIONAL MI ANALYST

Direct Line for Business

01/09/19 - 04/09/20

- Provide proactive insight into daily reporting and give recommendations to all levels of management, to further the business growth.
- Day to day ownership of multiple operational reporting.
- Assist with operational improvements by conducting analysis/providing insight.
- Highlight any gaps & potential improvements with existing operational data.
- Building & coordination of new operational reports, including a new high-level report built to show current and retrospective data allowing trends to be identified and analyzed.

COMMERCIAL INSURANCE CONSULTANT

Direct Line for Business

01/04/18 - 31/08/19

- Collaborated with a wide range of stakeholders to deliver excellent customer and business outcomes.
- After six months within the company and my excellent performance I was selected to lead the training and coaching for three separate groups of new starters.
- Dealing with customer complaints and taking over complex cases while supporting new starters.
