HOBBIES AND INTERESTS

- Sports enthusiast, namely Football and Golf
- Music & Theatre
- Reading
- Fitness
- Cooking, food & drink

PROFESSIONAL SUMMARY

Determined and ambitious with a willingness to learn and to constantly improve. Have spent 5 years working as a performer in a unique and fiercely competitive industry; looking to transfer the skills developed and engendered there into the technology sector and to expand on the skills and grounding the _nology Software Development course has engineered. This technological education and experience combined with that of my previous career make me suitable for a role where communication and relationships lie at the heart.

EDUCATION

12 WEEK INTENSIVE SOFTWARE DEVELOPMENT COURSE

_nology (2020)

Remote

- Taught entirely remotely, engineering hands-on experience of coding in multiple programming languages, frameworks and tools.
- Primarily Front-end focussed but ventured into Back-end too with a commitment to adhering to industry standard best practices.
- The course ranged from codealongs with coaches to working as part of a development team in an Agile environment on a real client project with a client based in San Francisco, USA.
- Project managed and led a sprint in this Agile environment.

BACHELOR OF ARTS

The Guildford School of Acting (2012-15)

- Advanced communication and presentational skills
- Self discipline
- Ambition
- Resilience
